Great news! We now have access to SIRS WebSelect, part of the SIRS Knowledge Source suite of research tools.

SIRS WebSelect is an online database of carefully selected, reliable and credible Internet resources on vital issues and topics.

WebSelect is dynamically updated and offers Internet resources from around the globe, including those of leading universities, government agencies and respected organizations. Tap into effective research strategies at proquestk12.com.

How will this new service help?

- Retrieve the latest information on broad curriculum areas and ever-changing fields.
- Access primary source information and high-impact graphical content unavailable in most databases.
- Explore ebooks and dictionaries covering everything from ancient texts to the latest technological jargon.
- Conduct effective searches using subject heading, keyword, natural language, and topic browse queries.
- Use the weekly Editor's Top Pick feature that recognizes a site for its research value.
